

## **INDION 5547 Corrosion & Scale Inhibitor for Closed Heating & Cooling Systems**

---

### **APPLICATION:**

INDION 5547 non-polluting cooling water treatment chemical provides superior corrosion and scale protection in all types of closed systems. INDION 5547 contains a complete corrosion inhibitor system that protects the yellow metals and iron. The new closed system scale inhibitor in INDION 5547 prevents scale in systems that must use hard water as make-up. Prevention of scale results in improved heat transfer for improved production rates and reduced energy consumption.

### **FEATURES:**

- Ready to use liquid.
- Easy to handle and apply.
- Effective in softened or de-mineralized water.
- Prevents corrosion for extended equipment life.
- Prevents scale to minimize maintenance expense.
- Non-polluting character lowers waste treatment costs.
- Non-toxic properties protect maintenance personnel.

### **PRODUCT SPECIFICATIONS:**

Appearance	:	Pink Liquid
pH as such	:	> 11.5
Specific gravity at 20 ° C	:	1.15 - 1.30

### **DIRECTIONS FOR USE:**

Premixed solution of INDION 5547 and softened make-up water are desirable to assure adequate treatment levels in you system. INDION 5547 can be added directly, as received to your closed heating or cooling system. Our Sales Engineer will determine the optimum dosages based on your systems requirements.

### **LIMITATIONS AND HANDLING:**

Harmful if swallowed. Avoid contact with skin and eyes. If material gets on skin, wash with plenty of water. If eyes are affected, immediately flush with water for at least 10 minutes and get medical attention. Use protective clothing, gloves and goggles. Wash out empty containers thoroughly with water before disposal.

## COOLING WATER CHEMICAL

### STORAGE:

Keep container tightly closed in a cool place.

No warranty, expressed or implied is made, except that the products herein discussed comply with the chemical description. Buyer assumes risks of the use, storage and handling.
